

May 2015

A tremendous amount of planning and support is needed to organize an expedition of this magnitude. Each year we are blessed with financial supporters such as you who enable and encourage us to continue providing dental care to the children of El Porvenir Honduras. We also appreciate all of the donations of supplies and services provided by our friends and relatives in Ontario.

Thanks to you...

Our hygienists were able to provide fluoride and cleanings for 674 school children in El Porvenir, Honduras and surrounding villages. And...

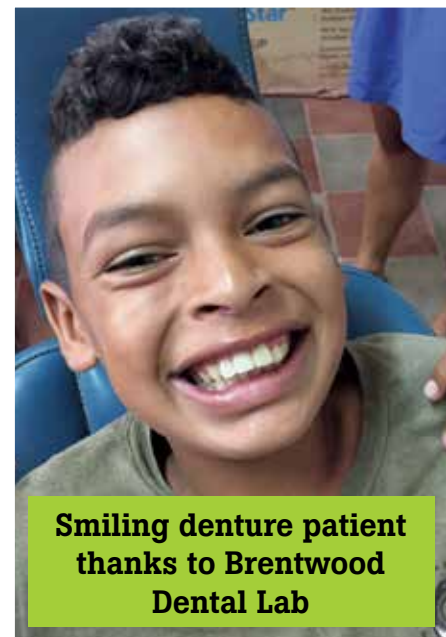

TEAM ONE: Dr. Bill Kerr, Carly Sellers, J.J. Kerr, Lisa Kerr, Kathleen Roberts, Lindsay Van Dyk, Jessica Slade and Steve Kerr

OUR DENTISTS,

Planning is already underway for Honduras 2016. The local people appreciate the Canadian dental teams and how much it helps their children to be taught to take care of their teeth and have teeth fixed where possible. We feel like we can't let them down. Thank you to Anne Fowler for hosting us in her home, Health Outreach for administrative support, and Honduran Child Alliance for providing translators.

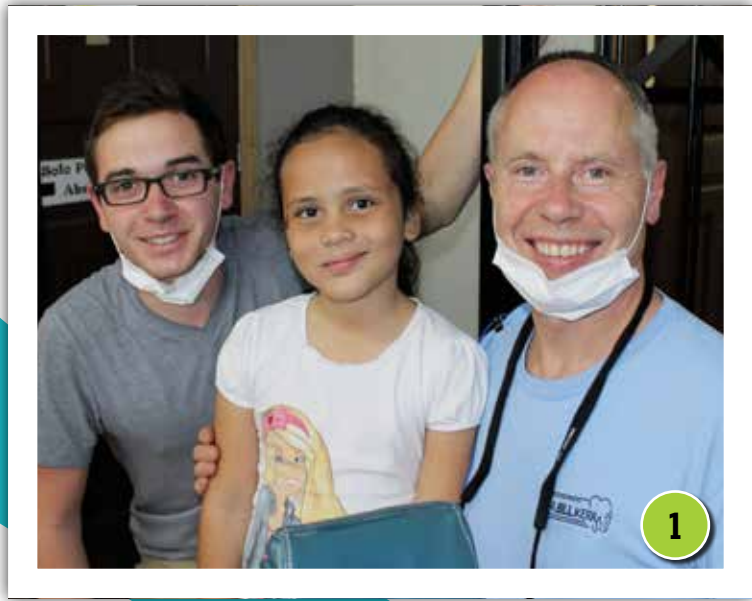

Sincerely Drs. Bill Kerr and Michael Cusato and their team members
